Note:

How point scores are calculated

A competitor is awarded 60 points for jumping the K-point distance. For every metre more or less than the K point, a competitor has 1.8 points added or subtracted from his total. In addition, competitors are awarded points for style (for flight, landing and out-run) up to a maximum of 20 per judge. Five judges score each jump, with the highest and lowest scores discarded and the scores of the other three summed and added to the competitor's points for distance. The gate and/or wind compensation points are added to, or subtracted from, the total points. The gate compensation can be applied only within a group.

Calculation of the time difference in team events

The amount of time that a competitor must wait before starting is calculated by converting the number of points behind into time. Each point behind is equivalent to 1.333333 seconds of wait time, 45 points behind means a competitor starts one minute later than the competitor in front of him.

Legend:

Avg.	Average	Diff.	Difference	Grp	Group	Humid.	Humidity
LH	Large Hill	Max.	Maximum	Min.	Minimum	No.	Gate number
SC	Start Controller	Tan. Wind	Tangential Wind	Temp.	Temperature
