GREETINGS FROM THE FIS PRESIDENT

Dear Skifriends,

On behalf of the International Ski Federation, it is my pleasure to welcome you to the FIS Nordic World Ski Championships 2021 in Oberstdorf (GER).

The FIS Nordic World Ski Championships return to Oberstdorf for the third time after memorable championships were held in 1987 and 2005. With the annual opening event of the Four Hills Tournament and the Tour de Ski, Oberstdorf is an experienced organiser of Nordic highlights and can also draw upon many years of experience in hosting other World Cup, Continental Cup and Summer Grand Prix events in all three Nordic disciplines.

In February 2021, the world will turn its eyes to Oberstdorf for two weeks full of world class competitions and great festival events.

Oberstdorf has worked tirelessly in the last years since being awarded these World Championships to renovate and upgrade their facilities and to make a smooth rundown and best working conditions for athletes and teams, media, sponsors and partners a top priority.

I am sure that the entire FIS Family, all athletes, teams and media, sponsors and spectators will enjoy excellent conditions and great hospitality. I wish all the participants the best of luck and already look forward to the spectacular events to come.

GIAN FRANCO KASPER
President International Ski Federation (FIS)
Dear Skifriends,

Many of us have still saved the pictures in their minds: The snow-covered Allgäu mountains. The exuberant atmosphere. The exciting sprints on the home stretch. The emotional medal ceremonies in the Nordic Park. The many friendly volunteers in their blue snowsuits. The tears of joy in the outrun of the jumping hills, the gripping overtaking processes at the Burgstall. Over 350,000 ski fans from all over the world. Peaceful, happy, exuberant. A ski festival. A winterstory. A dream.

No doubt: The FIS Nordic World Championships 2005 in Oberstdorf have fascinated the people. Not only on site in the stadiums but also at home in front of the TV-screens.

„World Champions in the Allgäu region“ – the motto of the WSC 2005 – applied to all of us. First and foremost of course for the winning athletes and coaches. But also for those who have not reached the top of the podium. For the fans, the volunteers, the organisers, the sponsors, the associations.

We were all able to feel like "World champions in the Allgäu region". We all did our part to ensure that there was one big, brilliant winner in the end: The Nordic ski sport!

In the upcoming February - this is our big common goal - the FIS Nordic World Ski Championships 2021 will be the new edition of this much-quoted winter fairytale. Even if the general conditions are currently not exactly easy due to the restrictions caused by the Covid 19 pandemic. But we are optimistic that we can face the current crisis together.

Oberstdorf is ready. With its modern sports facilities, with the proven infrastructure and with the enthusiasm of the many volunteers and the entire Allgäu region.

Let's look forward to the next great ski sports festival! Welcome to Oberstdorf 2021!

F. Steinle

WIRELESS EQUIPMENT AND FREQUENCIES

Short-term frequency assignment

Every frequency used in Germany needs a frequency assignment pursuant to the German Telecommunications Act (Telekommunikationsgesetz - TKG). Where no general frequency assignment has been issued, the Bundesnetzagentur will make individual assignments. If frequencies are to be used for a short term only, e.g. for motor races, sports events, concerts and trade fairs, assignments are issued in a simplified procedure as short-term frequency assignments. These are issued for a maximum period of 30 days.

Assignment for Short Term Usage

Applications for frequency assignment should be completed using the official form (see below) and sent by fax – and also by email, if possible – to the following address:

Bundesnetzagentur für Elektrizität, Gas, Telekommunikation, Post und Eisenbahnen
Außenstelle Karlsruhe, Location Reutlingen
Dienstleistungszentrum 4
FIS Nordische Ski Weltmeisterschaften 2021

https://www.bundesnetzagentur.de/DE/Sachgebiete/Telekommunikation/Unternehmen_Institutio-
nen/Frequenzen/SpecielleAnwendungen/Kurzzeitzuteilungen/kurzzeitzuteilungen-node.html

Applications must be submitted by 23rd December 2020. Applications received after this date will not be given equal priority. Any applications received after the deadline cannot be guaranteed a frequency assignment before the beginning of the event.

Notification of frequency usage

With a view to ensure efficient and interference-free frequency use during the event, the Bundesnetzagentur must be notified of all intended frequency use under an existing assignment or any frequency use under a general assignment by 23rd December 2020. The short-term usage notification form below must be completed quoting the valid assignment number. You will be informed by the Bundesnetzagentur whether the frequency usage in the stated period is possible.

To submit the preliminary entry for the FIS Nordic World Ski Championships 2021 in Oberstdorf for NSA and SRS Industry, please use exclusively our accreditation system „Ski-Network“, because only through this system accreditations for World Ski Championships can be applied for. This procedure is mandatory and is the prerequisite for accrediting the entire team. Mandatory information for each team member is their first and last name, a current photo on which the face is visible uncovered, date of birth and their function. The system is open as of today.

Final Entry for Teams
According to the FIS World Ski Championships Rules, the provisional team selection must be made online not later than 2nd February 2021, 21 days before the beginning of the World Ski Championships (Rule 13.3.1). The final team selection must be done online not later than 24 hours after the last FIS World Cup (Rule 13.3.3).

Please register once on our accreditation platform to be able to manage your entire team afterwards. To do so, please use the following link: https://ski-network.tramino.de/registration/

During the registration process it is important that you select the option “NSA Team / SRS”. Members of the SRS must also go through this process to be accredited for the World Ski Championships.

The LOC herewith informs all teams that medal winners must provide a copy of the ID, the bank details as well as the signed prize money form. This procedure will be placed in the green room right before the medal ceremonies. Therefore we kindly ask the winners to bring the needed documents to the ceremony.

According to the jurisprudence of the European Court of Justice and the German Federal Fiscal Court as well as in the opinion of the German financial administration (application of sales tax decree 1.1 paragraph 24), placement dependent prize money from the organizer does not constitute a fee for participation in a competition and is therefore not subject to sales tax.

As a result, the prize money to be paid out does not include sales tax. The athletes do not have to subject the prize money to sales tax and, in this respect, have no obligation to declare to the tax authorities.

Please note also that in Germany there is the foreigners tax of 15.825% for people who not live in Germany. This tax will be discounted from the prize money. Every athlete will obtain a receipt about the prize money.
