ACCREDITATION

The accreditation for teams/staff/technicians/officials/coaches/SRS must be requested, like in the past seasons, through the FIS online system. It is also compulsory for everybody to register on the FIS Passport, where you also have to apply for the event in Val di Fiemme.

Every person who wants to get a team accreditation for Val di Fiemme Nordic Combined events must have a negative Covid-19 RT-PCR test (saliva/swab test) carried out no more than 48 hours before taking your accreditation. The result of the test must be uploaded to the FIS Passport as soon as it is available, in order to allow the LOC to check it and issue the accreditation.

The above testing requirement is mandatory for everybody, regardless to immunity and vaccination status.

According to FIS Covid-19 World Cup Risk Management and Testing Protocol, people who are vaccinated from Covid-19 won't need to test again before the end of the event. People who are not vaccinated and recovered people must undergo on-site testing, after the validity of the entry test has expired (48 hours). This on-site test must be booked autonomously by people who need it (you find the contacts of the available clinics here under).

Please remember that everybody will always be asked to complete the Health Questionnaire on the FIS Passport before coming to our event, and that the PCR test must be uploaded on your FIS Passport as soon as the result is available, in order to allow the LOC to have enough time to check the information.

All the information uploaded on the FIS Passport will be checked by the OC, and if everything is correct, you will get an e-mail with the confirmation of your accreditation. When you come to the Cross Country Stadium or Ski Jumping Stadium after your arrival, you can show this confirmation e-mail to the OC access control staff. Showing this e-mail you can enter the main access of the stadium in order to reach the accreditation office and pick up your accreditation, but then, in order to have access to the Team Area and the other facilities inside the stadiums, the only way is to show the accreditation.

It is strongly recommended that only one team representative comes to the accreditation office to pick up the accreditations for all team members.

The Main Accreditation Office is located at the Ski Jumping Stadium in Predazzo, but there will be a sub accreditation office at the disposal of the teams at the cross country stadium in Lago di Tesero, open just on 6th January.
