Logistical information - How to reach Livigno

There are two ways to access Livigno, either through Switzerland via the Munt la Schera Tunnel or through Italy via the Foscagno pass. Considering that Livigno is a Tax Free zone and that you have to go through customs to enter, the OC strongly recommends all teams to access and leave the venue through the Foscagno pass, where you will find the customs offices, in order to avoid any problems related to the import/export of your ski equipment. Each team will receive from the OC a form to fill in and present to customs when entering the municipality; this is a simplified process to import and export your goods.

Accommodation

Teams and SRS companies must use the FIS online registration system to request the number of rooms.

The OC offers accommodation with full board in 3* or 4* hotels in Livigno, from 0 to 10 km from the race area.

Athletes in the "red group": the OC will pay for their accommodation directly to the hotels, from 19.01.23 until 23.01.23.

The OC will pay for accommodation costs according to the FIS rules reimbursement lists and prices.

For additional persons, the teams shall pay directly at the accommodation office by 21.01.23 (not at their hotel). Payments are possible by bank transfer or credit card.

Any extra costs at the hotels are to be borne by the teams (bar etc.)

Three stars hotel prices: max CHF 125 per person in double room.

Following organizational issues, the teams' allocations in hotels will be undertaken by the OC. We will of course take your needs and preferences into account as far as possible. To make that possible we kindly ask you to send us your preliminary requirements and preferences regarding the accommodation as early as possible.

Additional information about the accommodation will be sent to the teams after receiving preliminary entries and accommodation requests.

Accreditation

Requests for accreditations must be sent via the FIS Online System or to accreditationwclivigno@fisi.org. Accreditation cards can be picked up at the Accreditation Office at Plaza Placheda, Via Saroch 1098/a, Livigno.

Transportation

The transportation office will arrange transportation for teams arriving by plane, between the Livigno and the official airports (Milan Malpensa and Bergamo Orio al Serio).

One transport per team (from the official airport to Livigno and vice versa) is free of charge.

Requests for transportation (exact arrival/departure times, flight details and number of arriving people) must be sent by 15th December via the FIS Online Entry System or directly to wclivigno@fisi.org.

Costs for transportation from other airports than the official ones will be borne by the team.

Prices for additional transport:

- Orio al Serio – Livigno one-way prices for 1-4 persons: 400€ (additional persons up to 6 people: 20€ each)
- Milano Malpensa – Livigno one-way prices for 1-4 persons: 400€ (additional persons up to 6 people: 20€ each)

Please contact wclivigno@fisi.org for additional information and requests.

Shuttle Service in Livigno

Local transport: generally, a shuttle service between hotels and the venue is not required (some hotels are walking distance and there are dedicated parking places near the race area).

If you still request this service, or if you reach Livigno without your cars, please contact the OC at your earliest convenience to fix a suitable time schedule (wclivigno@fisi.org).

Teams booking accommodation by their own are responsible to arrange their own transportation. The OC does not provide a shuttle service for these teams.

Special permission for truck driving (Sunday and night, other days with special regulations)

To be able to drive in Italy on Sundays and at night you will need a special permission, please send your requests by December 15th to: wclivigno@fisi.org

The OC will use a protected FIS database for prize money payment information. Please make sure that all your athletes' information is uploaded to the system before the race weekend (including Tax codes).

Income tax for European and non-European citizens is 30%
