Information of the slopes and race area

The slope map you can find through the link <https://www.levi.fi/en/ski/slopes-and-lifts> Please choose West slopes. The racing slope is Levi W3 Wolverine, which is equipped with chair lift for 6 persons and it takes about 5 minutes from the valley to the top. The chairs are equipped with covers protecting against air flow. The weather might be cold during FMC races, but Levi has never canceled races because of cold weather, just use warm clothing.

The Levi FMC Race Slopes areas are marked with yellow, next to WC slope

Levi offers several areas for training before the races. Information in details is available in the link: <https://www.levi.fi/en/ski/training-groups>
